San Martin Peak Trail/SUV Run Report 4-7-07

Hi, All

The day started out with everyone meeting at the Shell station in Cambria. Those present were, Steve & Debbie P. in their '01 Cherokee, New Member Dan C. in his '07 Wrangler Sahara, New Members Jim & Jan W. and their dog Toby in their '95 CJ and Me & my pups Tazz & Bernard in my '05 Power Wagon.

We left Cambria around 9:30 am and headed up HWY 1 past Gorda and arrived at the trail head around 11 am, from there we shifted into four-wheel drive and headed up the trail.

The weather was the best I have seen it up there in awhile! As we went up the trail we stopped at several places for photo ops, I forgot my Camera Duhh....but everyone else

got some good pics:)

The trail was a little dusty...OK Very Dusty. The trail winds through a mix of RedWoods and Acacia trees and some Pines, the Wild Flowers are starting to bloom giving the green hills a welcome touch of color.

We reached San Martin Peak around 12:30 and stopped and had lunch overlooking the Pacific and the Coastal Mountains.

After Lunch the group decided to head back the way we came, instead of continuing up the trail to Nacimiento/Furgesson road and then to Paso.

As we were making our way down the trail the fog was starting to make it's way up. We all made it safely to the trail head around 2pm.

Overall it was a very nice day of FourWheeling with a good group of people. I would like to thank everyone who made it out today.

Anthony S. - SLO4WHEELERS Events Director

P.S. I would like to have a future run on this trail, but instead of San Martin Peak being the goal, I would like to follow the trail up to Nacimiento/Furgesson road and then thru Fort Hunter Liggett to Paso Robles, this would make this run a Full day run instead of a Half day run.

Thanks Anthony

Ted Miles Jeep

A GREAT place to buy a new Jeep! Great selection of pre-owned vehicles too! *Ted offers a 15% discount on all parts (& 10% off accessories like hats) to club members!*
